

Module 6: Student Discussion Activity: Practice and share on discussion board

Practice and share on discussion board

In this student discussion activity, you will be creating a new web page containing a header and a table.

Your HTML document will have a table containing six rows and two columns. At the top of the table, you will have a caption and header on the first row of the table. The table rows will have data cells with your inserted content.

The web page will contain your five favorite courses you took at LMC or at another college.

Instructions:

A. Prerequisite:

1. Create a Module6 exercise folder.
2. Download the HTML document - "**MyWebPage.html**" and example folder containing "Click Here' button images.
[Click link to download the file](#) ↓
3. Copy the document and example folder into your Module6 exercise folder.

B. Edit the HTML Document

1. Open the document using a Text Editor. If you are on a PC, you will use Notepad or if your on a Mac, you will use TextEdit.
2. For header element <H1>, insert the title of your web page which will your name .
3. In your internal style sheet, change the page [background color](#), [text color](#) and [font type](#) by editing the style rules.

NOTE: Highlighted in green are the style rules in the sample code below .

4. **Copy/paste** the HTML code below for the table in your MyWebPage.html document.
5. For the <td> data cells, you will entering your 5 favorite courses you took while at LMC or any other college.

Insert the data elements in between the <td> tags. See highlighted in yellow.

```
<table width="850" border="1" cellpadding="0" cellspacing="0">
<caption><strong>Below are some of my favorite courses I took at LMC or at another college:
</strong></caption>
  <tr>
    <th width="180" scope="col">Course Number</th>
    <th width="670" scope="col">Course Name</th>
  </tr>
  <tr>
    <td>enter course name</td>
    <td>enter course title here</td>
  </tr>
  <tr>
    <td>enter course name</td>
    <td>enter course title here</td>
  </tr>
  <tr>
    <td>enter course name</td>
    <td>enter course title here</td>
  </tr>
  <tr>
    <td>enter course name</td>
    <td>enter course title here</td>
  </tr>
  <tr>
    <td>enter course name</td>
    <td>enter course title here</td>
  </tr>
</table>
```

C. Test your Web Page

1. Save your HTML document.
2. Launch your web page from the Exercise Folder.
3. Verify the the the table is displaying correctly with your content.

Two Requirements

Step 1: Initial Posting (3 requirements)

1. Briefly describe in 25-50 words your experience in creating a web page with a table. Also share any challenges or issues you encountered in completing this discussion exercise.
2. Upload a screenshot of your **web page** displayed in the browser. See example screenshot below

Step 2: Peer Replies **NOTE: This is required to receive a grade for this student exercise online activity**

1. Respond to at **least two** of your classmate's postings in 25 -50 words.
2. In your reply, note what stands out on your classmate's web page.

Assessment & Feedback

Up to 20 points possible. The Discussion Board Rubric will be used to assess this activity. You can find the Rubric grading criteria by clicking on the three dots at the top right hand side of this page and selecting "Show Rubric".

Below is a sample of the HTML code and web page:

Type your name here

Below are some of my favorite courses I took at LMC or at another college:

Course Number	Course Name
enter course name	enter course title here
enter course name	enter course title here
enter course name	enter course title here
enter course name	enter course title here
enter course name	enter course title here

```

<!DOCTYPE HTML>
<html lang="en">
<head>
<meta charset="utf-8">
<meta name="author" content="Insert your name here">
<title>My Web Page</title>

<style>
/* ID style rules for the DIV tag */
#wrapper {
    background: white;
    width: 900px;
    height: auto;
    margin-top: 20px;
    margin-right: auto;
    margin-left: auto;
    padding-top: 25px;
    padding-right: 25px;
